

# YEAR 1 - KNOWLEDGE PLANNER

## SUMMER 2

### LITERACY

This half term, we will be reading the books, 'Tell me a lion story' by Kara Kramer and 'Where the Wild things are' by Maurice Sendak. Some of the writing we will be doing is to make our own stories, writing setting descriptions, imagining our own wild things and describing them and writing fact files on our creatures.

### MATHS

This half term we will be learning how to answer addition and subtraction calculations with missing numbers. We will learn how to partition numbers when adding and subtracting, solve multiplication and division problems, representing and interpreting data and solving problems involving measures.

$$2+2=4$$

### SCIENCE

We will be continuing our plants topic this half term! We will be learning to name some common deciduous and evergreen trees, learning to know and name the petals, leaves, stem and roots of a plant and the roots, trunk and branches of a tree.

We will be planting more seeds around school, taking care of them and watching them grow. Our sunflowers are getting taller in the school grounds and we have loved seeing your updates from home. Please keep them coming!

### TOPIC

This half term we are learning about Africa!

We will be learning about hot and cold places in the world, learning that there are 7 continents and 5 oceans of the world. We will locate Africa on the globe and compare the differences between Africa and the UK. We will begin to understand the culture and how people live in an African village and how this compares to their own life.

### R.E

This half term we will be reading some Parable stories and the meanings behind them and the lessons that they teach us. We will be discussing good, bad and forgiveness.

### P.E

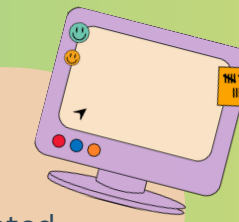

This half term we will be continuing enjoying athletics on a Thursday afternoon with the sports coaches. We will be practising for our sports day and learning how to use varying speeds when running, explore footwork patterns and arm mobility.

We will look at different methods of throwing and practise short distance running.

### COMPUTING

This half term we will be exploring animated stories. We will be looking at the differences between our story books and e-books. We will learn how to draw and create using the drawing tools, add animation, sounds and more! Then we will create our own animated stories!

### RHE

Our RHE topic this half term is 'Living in the Wider World'

We will be learning how kind and unkind behaviour can affect others; how to be polite and courteous; how to play and work co-operatively. We will discuss our responsibilities in and out of the classroom, how people and animals need to be looked after and cared for. We will discuss the local and global environment and how we can help care for it.

### MUSIC

This half term we will be listen and appraising some classical music and playing instruments within the songs.

### ART

This half term we will be exploring the art work of Henri Matisse. We will be looking at some of his famous creations using paper collage and creating our own inspired by his work.
